

Fasep Wheel Aligners

Fasep Wheel Aligners
Model: VCO-K.Eco.Win Trax.N.VAPH
Brand : Fasep
Origin : Made in Italy

Technical Features	
<ul style="list-style-type: none"> • Power Source • Power requirement • Wheel Diameter • Measuring Accuracy • Measuring range • Total toe • Single toe • Camber • Caster • Lock angle 	<ul style="list-style-type: none"> • 200-240V50-60Hz • max 500w • Cars 10"-21"-24" • 0,01°-0,1mm • WIN IRIS / WIN TRAX • ± 10° • ± 5° • ± 12° • ± 30° • ± 40°

So much technology in a small space.

Our passion and engineering skills drive us when we design our products.

We wanted to create a wheel aligner with a solid but nice look.

We wanted to provide quite large work space and give the operator the comfort of enjoyable surfaces and smooth design.

We wanted a modern and functional design to dress a unique mix of high-tech of a powerful and professional tool like this wheel aligner.

We designed VIDEOLOGIC POWER.

Our great advantages are:

1. Complete field data- only few other wheel aligners have this feature

2. The unique contact clamp in the world wintrax wireless sensors.

No more problems with cables around the workplace

3. The Triple-Sensor technology allows to view Toe, Camber and Caster "live" at the same time.

4. The unique self-centering Contact Clamps.

5. The Contact clamp has a simple and smart design. It can be easily mounted on any tire.

6. The clamp is held on the tire surface securely and easily. It ensures a very good accuracy of all measurements.

No need to remove rim cover.

No need for run-out compensation.

No need for adapters for different rim shapes.

Note:

- Above all picture for reference only
- Any changer/alterations of the technical features /specification and appearance of the above products are subject to change (if the manufacturer thinks necessary) without notice given by our company.
