

FASEP WHEEL BALANCER

Fasep Wheel Balancer (c/w standard accessories)

Model: V653

Brand : Fasep

Origin : Made in Italy

Designed for the tire specialists with heavy peak jobs, V653 offers maximum performances for wheel balancing, thanks to its innovative features. **V653 is built around its Automatic Tilting System to grant perfect centering of every wheel with no efforts**, and also offers all automatic features that improve accuracy and speed up the whole wheel balancing process. Based on the Videotronic technology, the balancer is controlled by a Personal Computer, with Windows CE operating system. The heart of the balancer is built around the VQI 3-sensor system, a FASEP exclusive design, and with IFS system (integrated-flange shaft) for maximum centering accuracy. The Heavy Duty shaft allows 90kg of maximum weight on the shaft, a record unsurpassed.
